MSPMED Project

1st Mar 2020 -28th Feb 2022

Grant Agreement n. 887390 –
MSPMED – EMFF-MSP.2019

EU GRANT € 2.508.733

The main object of MSPMED project is to favour the Maritime Spatial Planning process in the Mediterranean Sea, by supporting the establishment of coherent and coordinated plans across the Mediterranean marine regions and between Member States, in line with the MSP Directive objectives

Through different core activities:

1. Support the work of the MSP competent authorities and/or inter-ministerial bodies in the establishment and adoption of maritime spatial plans (in line with article 6 and 8 of the MSP Directive)
2. Support the development of relevant cross-border cooperation on MSP with bordering Member States and third countries with a view to ensure that maritime spatial plans are coherent and coordinated across marine regions concerned (in line with article 11 and 12 of the MSP Directive)
3. Making use of the best available data and organise the sharing of information in an exhaustive way, necessary for maritime spatial plans, by using relevant mechanism and tools as INSPIRE and EMODNet (in line with article 10 of the MSP Directive)

MSPMED Project

WP 1 Coordination & Management

WP 2 Setting-up of Maritime Spatial Plans

T2.1 IT T2.2 FR T2.3 SP
T2.4 GR T2.5 MT T2.6 SL

T2.7 Sharing experiences among countries

WP 3 Data use & sharing

T3.1 Building and sharing a common knowledge catalogue

T3.2 IT T3.3 MT T3.4 FR
T3.5 GR T3.6 SL
