11:00 COFFEE BREAK

11:30 Participatory Workshop:

“Prototypes for the decarbonization of fisheries and recreational ports and vessels”

Objective: Exchange of ideas, practices and experiences between participants. Three work-tables

will be organized for which you will have to sign up when registering for the event.

TABLE 1: Decarbonization prototypes in fishing and recreational ports

TABLE 2: Fishing vessel decarbonization prototypes

TABLE 3: Decarbonization prototypes of recreational vessels

At all tables, the following points will be addressed:

- Identification of challenges/ barriers/ strengths
- Prioritization of challenges (choose top 3)
- Identification of a roadmap for the 3 prioritized challenges
